	520015	**Survivair 4000, 5-Pt. Strap, Standard** Survivair 4000 Mask Mounted PAPR, 5-Point Headstrap, w/ battery & blower,

		Standardl

Overview

Key Features

• Lightweight unit will not slow worker efficiency
• Low cost High Efficiency (HE) filter that consolidates inventory and reduces inventory costs
• The battery pack is water resistant, and contoured for wearer comfort
• Silicone facepiece offers high durability and unmatched comfort
• Molded in speaking diaphragm enhances wearer communication
• Tested and listed by SGS U.S. Testing Company, Inc. as meeting the ANSI/UL 913 standard for intrinsically safe apparatus for use in Class 1, Division 1, Groups A, B, C, and D hazardous locations.
• Choose between the Survivair Opti-Fit and Survivair 4000 Full Facepiece Respirators
• Full Facepiece easily convertible to negative pressure Air Purifying Respirator or Continuous Flow SAR
• Includes: facepiece, blower, battery charger, power cord, HE filter, belt and air flow tester

Recommended Industries/Use

- Agriculture
- Construction
- Government
- Manufacturing
- Medical
- Municipal Services
- Nuclear
- Pharmaceutical
- Transportation
- Utilities

Hazards

- Airborne Particulates
- Biohazard
- Contamination

Regulations

- - NIOSH 42 CFR 84

Historical Brand

Survivair

Warranty Information

Blower assembly — 6 months. All other parts including battery and charger — 1 year

Facepiece Choice	Survivair Opti-Fit or Survivair 4000

Specifications

Battery Type	NiCad — recharge 600 to 1000 times automatic resetting circuit protector (no fuses required)
Battery On/Off Switch	Yes
Battery Water Resistant	Yes
Battery Duration	Up to 8 hours
Battery Charging Time	14 to 16 hours
Blower Life	1000 hour life - Field replaceable
Flow Rates	Exceed NIOSH minimum requirement of 4 cubic feet per minute of air for tight fitting facepiece
Belt Material	Polyurethane-coated nylon webbing
Power Cord	Field replaceable power cord

Training & Proper Use

See user instructions
