Overview

Key Features

Fendall Flash Flood utilizes sealed cartridges that contain one gallon of preserved and pH balanced Sperian Saline solution. The Fendall Flash Flood delivery system offers immediate, hands-free eye flushing, and is portable to meet the needs of changing work-place hazards. Removing the pull strap easily activates the system, while dual nozzles provide flushing to both eyes simultaneously. When activated, Fendall Flash Flood delivers saline solution for three minutes.

- Easy installation with no plumbing required. Can be easily wall mounted for placement near most workplace hazards.
- One-gallon cartridges are easy to store and offer quick changes without mixing or measuring.
- Highly visible green color provides easy identification in an emergency situation.
- Dual nozzles provide simultaneous flushing to both eyes.
- Unique cartridge design delivers a buffered, saline solution superior to tap water for emergency eye care.
- Lightweight, highly portable system may be easily wall or table mounted.
- Easy-to-use nozzle strap is easily removed for hands-free flushing, leaving hands free to hold eyelids open.
