Översikt

Viktigaste egenskaperna

- Honeywell Icom is a combination eye protector and communication device that allows communication with cellular or Smart phones and any other Bluetooth-enabled voice communication product (2.1+ EDR Bluetooth communication).
- Via the bluetooth technology, workers now have a solution for noisy work environments, OR distant working situations to protect their eyes while also communicating with ease amongst peers and managers on the job.
- Honeywell ICOM comes standard with:

Honeywell Icom

- A hard, black rugged carry case for storage and safe keeping of all components
- Honeywell ICOM protective eyewear device with internal rechargeable Lithium Ion Polymer battery
- USB Micro Charging Cable (100-240V)
- Eyewear is standard with a Clear Anti-Fog Lens, a replacement Grey Anti-fog lens comes packaged with each Honeywell ICOM
- Additional pair of ear tips.
- User/Instruction Guide
- Eyewear comes standard with a Lithium ion polymer rechargeable battery that lasts for a minimum of 12 months and comes with a 1 year warranty.
- Eyewear meets EN 166:2001
- Eyewear provides protection against high speed particles at low energy impact (F)
- Bluetooth device meets both FCC and Bluetooth SIG certification
- Honeywell ICOM is lightweight at only 52 grams!
- Stereo Bluetooth eyewear has integrated dual microphones for ambient noise reduction while speaking and communicating to ensure communication is crystal clear
- Total Talk-time lasts between 4 to 8 hours of continuous use (depending on conditions of use and environment) and up to 7 days while on standby mode.
- Honeywell ICOM is a lightweight and comfortable solution for all-day use.
