- Quick, low cost repair with field replaceable lifeline
- Reduces fatigue and increases productivity with units up to 30% lighter than competitive sealed units
- Enables, quicker easier installation and provides protection from rain
- Product service life is extended in the harshest environments with corrosion resistant components

Recommended Industries/Use

- Construction
- Mining
- Oil and Gas

Hazards

- Fall from height

Regulations

- EN 360 -
- IEC 60529 - International Protection Rating/Ingress
- Protection Ratings - IP68, Protected from total ingress. Dust tight and protected against 1 m immersion in water

Warranty Information

We sincerely believe that our fall protection equipment is the best in the world. Our products endure rigorous test to ensure that the fall protection equipment you trust is manufactured to the highest standards. Miller fall protection products are tested to withstand normal wear and tear, but are not indestructible and can be damaged by misuse. Our Limited Lifetime Warranty does not apply to normal wear and tear or abusive treatment of the product. In the unlikely event that you should discover defects in either workmanship or materials, under our Limited Lifetime Warranty, we will repair or replace the product at our
