1003024

Elastokuik Comfort Harness

Full body harness with elasticated shoulder strap, front anchorage loops, back D ring and comfort positioning belt, automatic buckles, size XL

Översikt**Viktigaste egenskaperna**

Designed for maintenance work on electricity and telephone pylons or overhead cables. The patented elasticated webbing on the shoulder straps stretches with the user's movements to enhance productivity and reduce fatigue.

The 2-point harness incorporated a rotating belt, which when used in conjunction with a positioning lanyard, allows the user full freedom of movement: he is thus able to comfortably reach out to the sides or behind him.

Rekommenderade branscher/rekommenderat användningsområde

- Vatten och energi

Risker

- Fall från höga höjder

Föreskrifter

- All Miller harnesses are CE certified and comply with EN 361 and, where necessary, with EN 358
