Ytterligare information

For minimum order quantities, please contact our local office. To access the test data of each reference, please refer to the technical specification documents located in each SKU.

Översikt**Viktigaste egenskaperna**

The Aracut® line features lightweight, mediumweight and heavyweight liners made of Kevlar®.

COMFORT

The knitting technique gives the gloves perfect support, limits the penetration of dirt and offers a good touch. The ventilated back improves the glove's breathability.

RESISTANCE

The Kevlar® fibre offers good cutting resistance and outstanding protection against thermal hazards in a dry atmosphere. Version in textile, PVC dots, PU, nitrile.
