- Manufacturing
- Steel and Metals

Hazards

- Abrasion
- Cut / Puncture

Warranty Information

Honeywell warrants that its protective gloves are free from defects in material and workmanship. This limited warranty does not cover any product or component found to have been altered, misused, abused, tampered with or improperly maintained or to have deteriorated due to aging of any component made of rubber or any other elastomer. The limited warranty does not cover any damage, loss or expense due to damage caused by accident, abuse, improper maintenance, use or misuse of the product.

Specifications

Specification Information

- Honeywell Safety Products tests gloves in accordance with guidelines set by the American National Standards Institute (ANSI). To view ANSI testing information on individual part numbers, refer to the Technical Specification documents located in the Downloads and Documentation section.

California Proposition 65:

WARNING

This product can expose you to chemicals, including Lead, which is known to the State of California to cause cancer, and birth defects or other reproductive harm. For more information, go to www.p65Warnings.ca.gov.

Additional Information

Warning: Gloves are not cut or puncture proof, not recommended for use with moving or serrated blades.
