Overview

Key Features

The Honeywell Perfect Fit™ A6 cut-resistant gloves feature breathable polyurethane coating (pu coating) in combination with a HPPE composite engineered yarn designed to protect in high-cut environments. The Perfect Fit A6 gloves are ideal for environments that require cut resistant safety gloves; like sheet metal or glass handling.

- Touchscreen capability makes it useful in environments that require touch screen operations
- Combination of thin liner and PU coating provides worker with tactical sensitivity and dexterity
- Two styles available: black on black and yellow on black (for high visibility PPE)
- Available in sizes S- XXL
