	Product Numbers	Details
	K611	<b>Grizzly grip</b> Handling of dry and slippery parts.
	K711	<b>Eagle Grip</b> Handling of dry and slippery parts.

**Additional Information**

For minimum order quantities, please contact our local office. To access the test data of each reference, please refer to the technical specification documents located in each SKU.

**Overview**

**Key Features**

The Resistex line features lightweight knitted polyamide and cotton gloves. Version with PVC dots or without.

**COMFORT**

The tight knit gives the glove perfect support, limits the penetration of dirt and offers a good touch. The cotton interior slows down perspiration and increases comfort. Non pilling, the polyamide is suitable for precision work. The PVC dots ensures a better grip.

**RESISTANCE**

Polyamide offers outstanding abrasion and cutting resistance.

**HYGIENE**

The white colour enhances the glove's hygiene and cleanliness. Grey version for dirty applications.

**Recommended Industries/Use**

- Manufacturing
- Steel and Metals
- Transportation

**Hazards**

**Regulations** • Extreme Environment • Slip

- EN 420-2003 - General requirements
- EN 388-2003 - Mechanical risks

**Historical Brand**

Riby
