### Ytterligare information

For minimum order quantities, please contact our local office. To access the test data of each reference, please refer to the technical specification documents located in each SKU.

## Översikt

### Viktigaste egenskaperna

The Tuffshield line features 2 types of seamless liners : One in protected glass and steel fibres and Dyneema® and the other in Spectra Guard®.

### COMFORT

The knitting technique gives a perfect support to the gloves and offers a good dexterity. The PowerCuff system ensures

## TUFFSHIELD®

elasticity and protects the wrist. The glove is ambidextrous and thus more cost-effective.

### RESISTANCE

The 2 seamless liners offer an excellent protection level against cut (level 5) The Dyneema® / Spectra-Guard fibre resists to cuts, abrasion and detergents.

### HYGIENE

Certified for contact with food, bacteriostatic, white or blue color to enhance the glove's hygiene and cleanliness properties.
