

Produktfamilj
Clarity Multiple-Use Earplug

Advanced Sound Management Technology for enhanced communication

Product Numbers &

1005329

Clarity - Regular
 SNR 22 H - 24 M - 19 L - 17

1005328

Clarity - Small
 SNR 22 H - 24 M - 19 L - 17

Översikt

Viktigaste egenskaperna

- Patented Sound Management Technology™ [SMT] design blocks low and medium frequencies while higher frequencies [voice, signals, alarms] can be heard more naturally, with less distortion
- Prevents worker isolation by enhancing communication
- Low attenuation ideal for marginal noise environments of 95 dB or lower, preventing overprotection and improving overall worker safety and compliance
- Patented quadruple SoftFlange design creates comfortable seal in the ear canal for all-day comfort
- Two sizes fine-tune fit for personal comfort and safety
- Cord Adjuster adapts length to suit personal preference or application
- Woven cord reduces sound transmission when earplugs are worn
- Reusable case with hook allows wearers to attach to belt loop, apron, bag or other work tools

Rekommenderade branscher/rekommenderat användningsområde

- Kemi • Brandskydd • Livsmedel • Skogsvård • Myndigheter • Polis • Tillverkning
- Sjukvård • Militären • Gruvdrift • Kommunala tjänster • Olja och gas • Läkemedel
- Stål och metaller • Transport • Vatten och energi • Svetsning

Risker

Training & Proper Use

1. While holding the stem, reach a hand over your head and gently pull top of your ear up and back.
2. Insert the earplug so all flanges are well inside your ear canal.
3. If properly fitted, the tip of the earplug stem may be visible to someone looking at you from the front.
4. Proper Fit – If either or both earplugs do not seem to be fitted properly, remove the earplug and reinsert.
5. Removal – Gently twist earplug while slowly pulling in an outward motion for removal.
6. Acoustical Check – In a noisy environment, with earplugs inserted, cup your hands over your ears and release. Earplugs should block enough noise so that covering your ears with your hands should not result in a significant noise difference.

Clarity Multiple-Use Earplug

CARE + MAINTENANCE

- **INSPECT** – Prior to fitting, examine your earplugs for dirt, damage, deformation or extreme hardness—discard immediately if compromised.
- **CLEAN** – Wash Multiple-Use earplugs with mild soap and warm water only. Pat dry with a towel and store in a case when not in use. Do not treat with any other substances, as the earplugs may degrade and compromise use.
- **HYGIENE** – With proper maintenance, Multiple-Use earplugs can last for 2-4 weeks.
