

## Produktfamilj **HAPICHEM**

Chemical resistant antistatic ventilated suit.

# Honeywell

### Product Numbers &

	CC9480XY1T	<b>Hapichem™ standard</b> Hapichem suit with standard foot
	CC9480XY2T	<b>Hapichem™ Anti-skid</b> Hapichem suit with underfoot antiskid
	CC9480XY3T	<b>Hapichem™ AST</b> Hapichem suit with foot with dissipative sole

#### Ytterligare information

Single use clothing

#### Förpackningsinformation

4 suits / carton

#### Farliga material

None

### Översikt

#### Viktigaste egenskaperna

Chemical resistant material  
Mechanical resistant material  
Antistatic material

Magnetic exhaust valve  
Specific design  
Front zipper  
Double tight zipper  
Dissipative sole as an option  
Antiskid sole as an option  
Hanging loop on the shoulders as an option  
Valve  
Operate at low pressure  
Integral air ventilation  
Back air ventilation  
O-ring  
Safety strip  
Sealed seams  
Low noise  
Halogen free material  
Wide field of vision

#### Rekommenderade branscher/rekommenderat användningsområde

- Kemi
- Läkemedel
- Kärnkraft

#### Risker

- Kemi
- Begränsat utrymme
- Kontaminering

#### Föreskrifter

- 89/686/EEC - European directive

#### Tidigare varumärke

Delta Protection

## Specifikationer

#### Protection factor

- class 5 (>50 000) / EN1073-1

#### Type 3 Cabin test

- Pass / EN14605

#### Antistatism

- Pass / EN1149-5

Minimum flow rate: 300 l/min in 2.8 bars of pressure network  
Maximum flow rate: 730 l/min in 4.6 bars of pressure network
