

**PRODUCT NUMBER: 1008588**  
**Scorpion PFL with snap hook  
and swivel scaf hook**

2.8m with 1 swivel snap hook 22mm and 1 swivel snap hook 50mm

## Overview

**Reference Number**

1008588

**Product Type**

Fall Protection

**Range**

Fall Arrest Blocks and Winches

**Brand**

Miller by Honeywell

**Industry**

- Industry
- Building and Construction

**Product Use**

Light and compact, the self retracting fall arrest block SCORPION offers greater safety compared to the traditional fall arrest lanyard as it eliminates the need for extended fall distance clearance. With a maximum working capacity of 2.80m and thanks to its high durability cover, it can be used in all configurations.

## Features & Benefits

### Feature

Increased comfort of use : Light and compact

Freedom of movement : 2.8m working capacity

Security : Quick activating locking system arrests a fall within centimeters

Self retracting webbing system avoids the risk of stumbling

Versatility : Can be directly connected to the harness D ring

### Benefit

Extremely robust and lightweight, the Scorpion PFL features a fall indicator, corrosion-resistant internal parts, stainless steel / aluminium body and high impact polymer cover.
