

PRODUCT NUMBER: 1002937

Altochut 1400

Automatic locking for vertical use, suitable for 14mm/16mm rope

Overview

Reference Number

1002937

Product Type

Fall Protection

Range

Rope and Wire Fall Arresters

Brand

Miller by Honeywell

Industry

- Industry
- Building and Construction

Product Use

Automatic rope grab equipped with a manual locking system, to be used with a 14/16mm kermantel or twisted rope.

Rope grabs prevent workers from falling during ascent or descent.

The range includes models only for vertical applications.

Features & Benefits

Feature

Automatic locking for vertical use – the rope glides freely over the line without manual intervention. Suitable 14/16 mm ropes.

Benefit

Rope grabs and cable grabs prevent workers from falling during ascent or descent. They are particularly useful on sloping roofs where retractable lifelines may react too slowly. They offer a more comfortable attachment to the front anchorage point on the harness.

Technical Description

External

Connectors

Raw material: stainless steel

Conforms to EN 362(04)

Opening: 17mm

Breaking strength: 25KN

Dimensions

Length

82mm

Width

410mm

Thickness

64mm

Performance

Weight (kg)

0.660 kg

Operating Temperature

-30°C +50°C

Complementary Information

Anchorage line: Ø14mm 3 strands polyamide rope

Certifications

EU Category PPE
