

SPERIAN PURE FIT™ CUT-RESISTANT GLOVES

PRODUCT INFORMATION

Sizes Available	Part #	Overedge Colors	UPC
Small	KV371-S	Red	801462220490
Medium	KV371-M	Blue	801462220483
Large	KV371-L	Yellow	801462220476
XLarge	KV371-XL	White	801462220506

Shell Material:	KEVLAR and Spandex blend	Material Color:	Yellow
Shell Weight:	13-cut, lightweight	Coating Color:	Black
Coating Material:	Nitrile	Case Qty:	144 pair
Coating Pattern:	Smooth	Country of Origin:	Pakistan

PRODUCT FEATURES

- Lightweight KEVLAR cut-resistant fiber
- KEVLAR® blended with Spandex offers excellent tactile sensitivity
- Black nitrile palm dip enhances cut, abrasion and heat resistance

TESTING INFORMATION

	Test Method		Level	Test Result
Abrasion Resistance:	ASTM 3389-05		Level 3	≥ 1,000 cycles
	EN388		Level 4	≥ 8,000 cycles
Cut Resistance:	ASTM F1790-97		Level 2	≥ 500 grams
	EN388		not tested	
Tear Resistance:	EN388		Level 4	≥ 75 newtons
Puncture Resistance:	EN388		not tested	

LAUNDERING INSTRUCTIONS

Dry cleaning is the acceptable cleaning method for gloves of KEVLAR® fiber. Some differences in shrinkage, weight loss, yarn tensile strength, and color related to staining or the cleaning method may be seen, but there is no significant impact on cut resistance up to 30 cleaning cycles (without industrial use between cycles). Thirty cleaning cycles is considered to be more than can be expected because of normal wear. Chlorine bleach is not recommended for Kevlar - chlorine will cause rapid degradation of the fiber.

Wash or dry temperatures should not exceed 170° F.

WARNINGS

* Gloves are cut-resistant, not cut proof. Extreme caution should be used around moving machinery.

** Laundering gloves that have been in contact with toxic or corrosive chemicals may result in a chemical reaction, including fumes that could cause personal injury, serious illness or death.

This information is provided as a guideline for product use. The end user is solely responsible for determining the suitability of a particular glove for a specific application and the length of time in which such glove may be safely used.
