

Honeywell Vented Seethru Hard Hat Range

Product description

The Honeywell SEETHRU hard hat range is the next generation in hard hats, featuring a completely translucent design.

FEATURES

- Suitable for indoor or outdoor use. UV400 protection is in excess of 99%
- Strong yet lightweight Polycarbonate Type 2 shell.
- Designed to be translucent with a see through peak for safer working conditions.
- Allows the wearer to look upwards without the need to tilt the head back, preventing discomfort in the neck.
- No need for the wearer to reverse the head harness in the helmet which normally allows the wearer to have clearer vision while looking upwards.
- Pin lock adjustable, comfortable 6 point webbing harness.
- Rain guard with reinforced peak.
- Wide colour range with logo printing available in up to 8 positions.
- Adapts to most general 25mm, 30mm and all Honeywell attachments e.g. earmuffs, welding products and visors.
- Ratchet adjustment version or models with miner's metal lamp bracket also available.

APPLICATIONS

- Construction, Mining, Oil & Gas Exploration, Crane Spotting, Warehousing.
- Any application where protection from falling debris & clear upward vision is required.
