COMPACT AIR™ PAPR FOR USE WITH NORTH FACEPIECES AND HOODS

Compact Air PAPR is available for use with North Light Weight Facepiece or North Primer Series Hood. The hood mounted breathability assembly is available in standard and brown versions.

TIGHT FITTING FACEPIECES FOR USE WITH NORTH COMPACT AIR PAPR

Adapts to North’s air-purifying facepiece series listed on the opposite page (7700 and 5500 Series half masks, 7600 and 5400 Series full facepieces).

LOOSE FITTING FACEPIECES AND HOODS FOR USE WITH NORTH COMPACT AIR PAPR

North offers both loose fitting facepieces and half mask giving the user the option to choose the right protection for your application. Both versions feature a headgear to provide a secure and comfortable fit. The headgear also directs the air to the face and over the eyes, eliminating fogging and increasing wearer comfort.

PRIMAIR™ LOOSE FITTING FACEPIECES

Tight QC head seal is comfortable and lightweight. Ideal for light duty environments and for use with facial hair.

PRIMAIR PLUS™ HOOD

The Primer Plus is a full hood with an extended breathing zone to allow users to tuck their coat under the garment to make clothing more comfortable. They also feature a wind flap (available in type SC) for use in environments with precipitation only and type SA with a capability for additional protection from heavier chemical or mists. Head height is adjustable so users can select the hood length that is best for their height and work needs.

NORTH GAS MASKS

The 54501CBRN Gas Mask is comfortable and lightweight making it ideal for extended use. It features a wide viewing area and side mounted canister connection for left or right side entry. NIOSH approved for use with the 40CBRN cartridge.

RIO T CONTROL GAS MASK

The 54401RCP100 responder and riot control Gas Mask is the economical choice for police, responders and firefighters. The simple, front mounted cartridge provides an easy weight distribution for better balance. NIOSH approved for use with the 40RCP100 cartridges.

EZGUIDE™ PERSONAL PROTECTION PROGRAM

The EZGuide Program is interactive software designed to help the user select the appropriate respiratory protection. The software can be accessed at www.northsafety.com or ordered as a CD-ROM by contacting North Customer Service.

CARTRIDGE AND FILTER REFERENCE CHART

The compact design of the BP1002 Backpack Adapter allows users to utilize cartridges and filters on their equipment without the extra weight involved with traditional half masks. The BP1002 Backpack Adapter provides an immediate secure fit with the 7600 Series cartridges.

NORTH FACEPieces FOR AIR-PURIFYING AND PAPR POWERED AIR-PURIFYING APPLICATIONS

North Half Masks and Full Facepieces can be used as air-purifying respirators, or converted quickly and easily into a PAPR with the North Compact Air™ backpack. For ordering information on the complete line of North respiratory products, including these facepieces and PAPR assemblies, visit the North web site at www.northsafety.com.

HALF MASKS

7700 SERIES HALF MASK

The North 7700 Series Half Mask is the most comfortable half mask available. North’s 7700 makes it easier to breathe and offers a superior fit for more facial sizes. The improved cradle suspension system sits securely on the head, and provides an even seal without pressure points.

5500 SERIES HALF MASK AND RESPIRATORY CONFERENCE PACKS

Same great fit and design of the 7700 in an economical standard config for contractors, stations and other limited use applications.

FULL FACEPIECES

7600 SERIES FULL FACEPIECE

Optimal comfort and performance in a silicone facepiece. The 200° field of view allows the user to see clearly to the sides and back, facilitating better situational awareness and operator safety. The neck cradle suspension system provides a superior fit for more facial sizes.

5400 SERIES FULL FACEPIECE

Made from 100% silicone for superior fit, durability and comfort. The improved cradle suspension system sits securely on the head, and provides an even seal without pressure points.

BP1002 BACKPACK ADAPTER

The Compact Air PAPR is available for use with North Light Weight Facepiece or North Primer Series Hood. The hood mounted breathability assembly is available in standard and brown versions.
