PPE Product: a) Miller® MightyLite RL20BG self retracting fall arrester with galvanized cable lifeline.
b) Miller® MightyLite RL20G self retracting fall arrester system with galvanized cable lifeline, plus tagline and connector.
c) Miller® MightyLite RL6MG self retracting fall arrester with galvanized cable lifeline.
These models are described in the manufacturer's technical file TF9801-001 Rev.1.

It is certified that the manufacturer's technical file and the above mentioned PPE product have been assessed and found to be in accordance with the requirements of Council Directive 89/686/EEC. When examined the model satisfied the requirements of the relevant harmonized standard EN 360:1992.

The manufacturer's information notice (I110 5/97 with addendum dated 03/10/98) in English has been inspected and found to have addressed all of the relevant requirements of the harmonized standard. However, the detailed content of the information notice is the responsibility of the manufacturer, as are translations into other languages.

This certificate is issued on the strict condition that appropriate checks on manufactured PPE, as detailed in Article 11 of the Directive, are implemented and maintained while the model is in production.
